

Throughout her career, Hillary Clinton has understood the importance of taking care of the men and women who serve our country. As president, she will continue to keep our promise to America's veterans.

✓ Stood with Veterans with Gulf War Syndrome. As First Lady, Clinton worked to draw attention to the thousands of veterans who suffered from various illnesses, including respiratory problems and memory loss, after returning from the Persian Gulf War. (The New York Times, 8/15/95)

✓ Sponsored Expansion of GI Bill. In the Senate, Clinton sought to expand the GI Bill to help more veterans get an education. (21st Century GI Bill of Rights, introduced, 5/16/07; Hillary for President, 8/20/07)

✓ Against Privatizing the VA. Clinton thinks veterans deserve the very best care—and instead of privatizing the VA, she will ensure the men and women who served our country have strengthened and expanded access to high-quality health care. (HillaryClinton.com, accessed 7/8/16)
